

# DAILY RECORD

FRIDAY, SEPTEMBER 26, 1914.

## LOCAL ITEMS.

THE GENERAL R. E. LEE MONUMENT.

The colossal monument to the memory of General Lee which is now rapidly being constructed under the direction and skill of Prof. Volentine, will, when completed, be the greatest triumph of art and mechanical skill ever produced in this country. The structure will be surrounded by a reclining figure of General Lee enveloped in his military cloak. The form will be finely carved in marble, and the expression of countenance rendered with life-like correctness. In order to complete this grand monument at the earliest possible date, the Executive Committee of the Lee Memorial Association, of Lexington, Va., which is composed of such distinguished men as General Pendleton, Gen. Terry, Hon. Wm. McLaughlin, Col. Preston Johnston, Col. Jas. K. Edmondson, Chas. Davidson, and others, have authorized the publication and sale of a perfect life-size steel engraved portrait of General Lee. The proceeds of its sale to be applied in furtherance of the objects of this association, namely: to the erection of a monument to the memory of General R. E. Lee at the Washington and Lee University, Lexington, Va. The portrait will be sold only by subscription, through regular authorized agents, and every subscriber will receive a certificate signed by the Secretary and Chairman of the Lee Memorial Association. We commend this portrait to the public, and hope some good energetic man will secure the agency in this section in order to help on the good work. Messrs. W. W. Botwick & Co., Nos. 177 and 179 West Fourth street, Cincinnati, Ohio, have been constituted and appointed General Managers of Agencies, and all communications addressed to them, for circulars, terms, and certificates, will receive prompt attention.

BLUE GRAVEL MINES.—S. B. Hunt,

who for more than a year past has been a resident of this town, took his departure for Nevada county, California, by yesterday's stage. Mr. Hunt is the owner of eight claims of 20 acres each, or 160 acres in all, on the famous Blue Gravel land, in Nevada county, California, and goes to California for the purpose of completing arrangements to put up heavy machinery on his claims to work them by the new method recently adopted of sinking deep shafts by compressed air. These claims are said to be very favorably located on the lead, and when once opened properly, will yield more in precious metals per acre than the very best of the silver mines of Nevada. The working of the deep mines along the Blue Gravel land promises to revolutionize the whole system of deep gravel mining in that State as heretofore carried on, and will, it is believed, and prosper in that class of mines. Mr. Hunt is well calculated to be at the head of a mining enterprise of this kind, and will undoubtedly make a success of it.

NOT DISTURBING THE PEACE.—Yesterday a rank taken made complaint before Justice Van Hagen, against F. Newell, for disturbing the peace. Newell was forthwith brought up before the Court and his grave offense was inquired into.

The evidence showed plainly that the defendant, having taken two whole glasses of beer, had the audacity to request taken to go away; that he wished to have nothing to do with him—and in this an ordinary tone of voice. Notwithstanding this, which clearly deprived taken of the right of an American citizen to interrupt any conversation, and propose a fight, without being requested to leave the interrupted alone, Newell was not convicted. On the contrary, the complaining witness was ordered to pay the costs in the case, which amounted to \$35.

PRISONERS IN JAIL.—Of the eight prisoners now confined in the County Jail, Owen Ferguson has been convicted of murder in the first degree; D. W. Cherry is in for killing a man named Kistell; Mulohy has been sentenced for forgery; "Bones" is awaiting the issue of the writ of habeas corpus; but to no avail; Wilcox is now on trial for grand larceny, and another man is awaiting trial for the same offense; one prisoner is serving out a sentence passed by Justice Van Hagen; one is detained as a witness.

GUILTY.—Last night in the District Court the case of Henry Wilcox, who had occupied the attention of a jury for three days, came to a close. He was indicted for grand larceny. The counsel for the defense tried to clear their client on the ground of insanity, but to no avail. At 10:30 p. m. the case went to the jury without argument, and at 11:15 the jury brought in a verdict of guilty as charged, recommending the prisoner to the mercy of the Court. Wilcox will receive sentence one week from tomorrow.

A "FALLING STAR."—Last night, at twenty minutes past 7 o'clock, a most beautiful meteor—very large and round, and of a bright blue color—fell slowly in the northern sky till it seemed to nearly reach the mountains across the plain. As it approached them the blue fire went out, and a little red spark only remained. Finally that spark disappeared, apparently on the summit of the mountains. The sight was at once grand and beautiful.

BLOSSOMING.—D. Wilkin has, in the rear of his residence, a diminutive apple tree—perhaps five feet high—on which are some beautiful blossoms. Apple-blossoms in Pioche remind one of happy early home—as gardens and flowers. Thanks then to the kind hand that planted and to those which cared for the little apple tree.

PROSPECTING.—Messrs. Jas. E. Smith, Ed. S. Smith, Clinton H. Patchen, John D. Boyd and John Patten yesterday set out on a prospecting tour. The field of their labors is, we understand, in the heart of the Wasatch Mountains, in Utah.

PLEADED GUILTY.—Bessie Stein, indicted by the last Grand Jury for assault with a deadly weapon with intent to do bodily injury, yesterday pleaded guilty to the charge of assault. She was fined \$100 and costs.

WHEREABOUTS.—There are not nearly so many whirlwinds now as there were a month ago. Then one might see several tall columns of dust moving across the valley at any hour of the day; but now hardly any can be seen.

SIDEWALK.—Now is the time to make a sidewalk of some kind from the Post-office to the Court-house. Let some one take the first step, and many will aid the good work.

SENTENCE.—Court will meet tomorrow at 10 o'clock, a. m. when Owen Ferguson will receive sentence for the murder of Robert Ash.

THE MEAGER GUARDS will meet at Armory Hall this evening.
